

A child that sees
like this can pass
a vision screening.

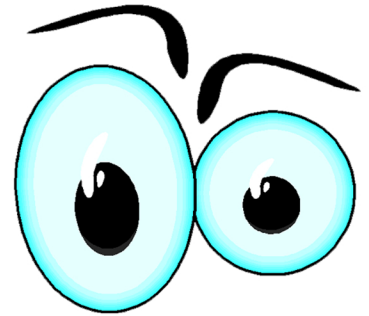

This is
20/30
vision

A child that sees
like this can pass
a vision screening.

A child that sees
like this can pass
a vision screening.

A child that sees
like this can pass
a vision screening.

So, is it any wonder why
your child can't sit still for
20 minutes to do
homework?
